BARR COLONIST KILLED

DISTRESSING ACCIDENT AT LLOYDMINSTER

Englishman Killed Under Sad Circumstances—Carelessness Cost Him His Life.

(Bulletin Special Dispatch.)
Lloydminster, Britanna, Nov. 17.—A most distressing accident happened here on Saturday last whereby Mr. Norman Taylor, a Barr colonist, aged 24 years, lost his life.
He went out to water his horse, which was a little nervous, and, thinking to hold him more securely, he made a slip knot in the end of the halter shank and put it around his wrist. The horse evidently bolted and Taylor lost his feet and was dragged some seventy-five yards. He was not moved until the following morning, when his dead body was found frozen stiff still attached to the animal.
The deceased had two sisters here and had made very good progress on his homestead.

Wetaskiwin Times.—We understand that Messrs. Ogden & Forbes have received a letter from the Under Secretary of State stating that the sentence of J. G. Gronlund has been remitted. It will be remanded at the spring court on a charge of stealing cattle, killing them and disposing of the meat.

LOCAL

—Train left Red Deer on time.

—Tenders are being called for the painting of the water tower.

—The Edmonton Cigar Factory have put their new brand of cigars, La Consequencia, on the market.

—The German bookstore has opened on Namayo avenue almost opposite Cushing Bros. lumber yard.

—The Baptist Young People's Union meets in the Baptist church Monday evening instead of Friday as heretofore.

—Weather: Maximum temperature for the last twenty-four hours, 2 above; minimum temperature for the last twelve hours, thirteen below.

—The government ditcher on the Sturgeon Road stopped work for the season on Thursday last. They will resume operation first thing in the spring.

—The Fort Saskatchewan mail driver takes the south-side trail to the Fort on account of the condition of the river. The ferry has stopped for the season and the ice is not sufficiently strong to bear traffic.

—The Bank of Nova Scotia is establishing a branch in Fort Saskatchewan. This bank has established branches within the last few months at Edmonton, Strathcona, Wetaskiwin, and now at Fort Saskatchewan.

—The Gilmer block on First street is nearing completion. Stenatt & Gilmer, fur buyers, will occupy quarters in this block. R. W. Miller & Company, representatives of the Connelly Church Organ and Piano Company, and C. M. Tait, photographer, will occupy the upper flat. Other rooms will be rented for private use.

—Reporter.—Wm. Cinnamon, of Whitford, was in town on Wednesday. He reports everything in fine shape around that locality. The grain, although of not quite so good a quality as last year, has turned out well. Threshing is almost complete. The district is sustaining its reputation as a cattle raising place.

—Times.—Owing to insufficient advertising, the government sale of swine at Wetaskiwin was poorly attended. Four good animals were sold at good prices to the following gentlemen: C. B. Phillips, of Battle Lake, a Yorkshire boar; E. Groves, a Yorkshire boar; C. O. Swanson, a Yorkshire boar, and A. S. Rosenroth, a Tamworth sow.

—Reporter.—Railroad talk has started up again in Fort Saskatchewan. Surveyors are maneuvering in every direction, artisans are arriving daily; two new firms have opened up in business this week, while a new bank, a new harness shop, another jewelry store, a music store, a department store, a second hand store, a new brick yard and an auctioneer are soon to be living facts in our midst. All this goes to show that great confidence is placed in the Fort's future.

—The Edmonton tent and mattress factory recently placed an order with a linen mill in Coal Island, Ireland, for four thousand yards of linen ticking. This order was specially put on the looms to fill the Edmonton factory's order. The necessity of sending to Ireland and waiting a long time for the delivery of the orders, will then be obviated by the establishment of a linen factory at Edmonton. Many other products of a linen factory necessarily used by a tent factory, will then be purchased in Edmonton.

—The Edmonton hockey club had a splendid practice last night. About eighteen turned out and two hours of good, hard practice, were put in. Twelve of the players took the three-mile run and with others took the skipping and rope jumping practice. One hour's hard work was put in with the dumb bells. The boys are getting into good shape and are already feeling the beneficial effects of their training. The next practice is held to-morrow, Wednesday, evening at eight o'clock.

SUPREME COURT
A couple of cases came up at the Supreme Court yesterday before Judge Scott. They were:

Mr. and Mrs. Bakkan, of Star, vs. Mr. and Mrs. Myrum, of Star. This was an action for damages for alleged slander. The verdict was given for the defendant with costs. C. de W. McDonald appeared for the plaintiff and C. W. Cross for the defendant.

Garnau vs. Keeler. An action for the recovery of wages to the amount of \$32.75. Garnau was given judgment by default. F. C. Jamieson, of Strathcona, appeared for the defendant.

PERSONAL

Jas. Smart, of Calgary, arrived in Edmonton last night.

N. W. M. POLICE PENSIONS

Editor Bulletin—I have seen through your valuable medium, a letter written evidently by a member of the Northwest Mounted Police who had served during the rebellion of 1885. Now, Sir, I am an interested spectator of this important force and can testify to their services rendered through the Northwest rebellion. I was living in the midst of them and know in 1885 that confidence was placed in the Northwest Mounted Police. A security was felt just so long as these men were amongst us. The men of the Northwest Mounted Police in the days of the rebellion were of different calibre than the men of to-day. They were men inured to the Indian mode of living, eating, travelling and fighting, and the majority of these men could talk with the Indians themselves and could turn themselves into utility anywhere and at any time. Yet these men were turned down when an opportunity was given to the government of giving each of them the land grant which was given at the time to the members of the different corps, who served in South Africa. For what reason these members of the force were refused I do not know. However, they were refused. But I hope that the present government will acknowledge that injustice.

However, it would be an act which the present population in the older settlements would deem a very good one, for the present government to do. They would find that these services were acknowledged by the government. Give these few men their due. They are able-bodied men yet and are a force to be counted upon, although there are but few of them left.

Hoping that this appeal will not go unheard, and also with the wish that the old members of the force will be given this land grant, which they as a body of men in the country are deserving of. Give the police scrip by all means and keep them here upon the land, by giving and granting this allotment of land to those that were engaged and under fire during the Rebellion.

NEW CHURCH FOR THE CANADIAN WEST

The American synod of the Norwegian Lutheran church has recognized the march of their people into Canada. The Rev. N. A. Larsen of the Synod, passed through Winnipeg yesterday from Dakota to look into the matter of organization of his church in Western Canada and to establish a missionary system which will well care for the spiritual character of the many members of the American church, who, since their removal to this country, have not had any ministrations from their own clergy. The American synod first noted the big influx to the sister country about three years ago, and the discussion on the matter of establishing a branch of the church here was then opened. Since then it has always been on the table of that body, but the question only took definite position when the Rev. Mr. Larsen was commissioned to make the pioneer trip.

Mr. Larsen, speaking of his mission, said:

Organization—The Norwegian Lutheran Church—up in this country. I am sent out by the Synod to survey the country and our settlers with a view to establishing our church in Western Canada. The Synod, which commissions me, has jurisdiction over 900 churches in the States. The work which our church covers is mainly missionary in the Western States, and we number among our communicants, not only Norwegians, but large quotas of Danes and Swedes, especially Danes. Of course, it will be likewise in the West up here. We will get our men for this work from the theological school at St. Paul.

"What are the features of your church system?" asked the reporter. "Well, of course, we have churches like all others, but we also believe largely in religious education. Our Synod has always been active in educational work. We have a great many parochial schools, also theological seminaries, a college and twelve academies. Turning to general conversation this pioneer pastor, in a few remarks, showed what it is that goes to make up the prized Scandinavian settler. One of his remarks: 'There is no more than one-half per cent. of the Norwegian people in the mother country, who cannot read and write. This condition exists to a large extent in Sweden. "No, you cannot call the Scandinavians well-to-do in their own country. It is a mountainous country and they undergo many hardships in eking out a sustenance."

Mr. Larsen went west last night and will inspect thoroughly Alberta and the principal parts of Assiniboia.
